

**“A conference not to be missed!”**

- Dr. Clyde Hertzman, Director of the Knowledge Hub on Early Child Development for the World Health Organization

**BRAIN DEVELOPMENT & LEARNING**

**July 16-20, 2010**

**Vancouver, BC**

**[www.interprofessional.ubc.ca/bdl.html](http://www.interprofessional.ubc.ca/bdl.html)**

A conference that takes exciting, cutting-edge research in neuroscience, developmental science, & mental health outside of academia & puts it in the hands of parents, educators, & doctors in ways they can understand, see the immediate relevance of, & use.

**Topics include:**

- Helping children with Autism through Theatre
- Child and Adolescent Mental Health
- Importance of Early Experience
- Interventions that Work
- Reversing Developmental Disorders
- Cultural Diversity
- Neural Bases of Learning & Memory
- Brain & Immune System interactions

**98% approval  
rating for the  
previous 2  
meetings!**

**SAVE MONEY:**

**Register before June 1 to avoid a late fee**

**Take advantage of automatic SCHOLARSHIPS**
